January 2021

Dear Parents/Carers,

As part of an initiative funded by the Department for Education in response to Covid-19, our school is being offered access to a programme called Nuffield Early Language Intervention (NELI). The programme is designed for Reception pupils and involves providing targeted small group and one-to-one support for children who would benefit from additional support with their language and early literacy skills.

The programme initially involves using a tablet-based assessment called LanguageScreen with all our Reception pupils to help us understand who may benefit most from receiving NELI. LanguageScreen is a short (approx. 10 minutes) and fun activity for children and will give us useful information about children's language skills. We'll use the same assessment again at the end of the school year to understand how children's language skills have progressed.

The LanguageScreen data privacy statement, detailing how data is collected and used, can be accessed on www.languagescreen.com

The school will share pupil data with Language Screen for assessment and research purposes. You do have the right to withdraw your child from research involving data from Language Screen (but your child's scores can still be available to their child's school).

Please inform your child's class teacher by Wednesday 24th February if you do not want their data shared with Language Screen.

Thank you,

Reception Class Teachers
