25th August 2020

Dear Parents and Carers,

3B - Change of class teacher

I hope this letter finds you well and that you are having a great summer. I am writing with some news about a change to your child's class teacher. Unfortunately, Mrs Barton will not be with us in September, as she is embarking on a new journey. I am sure you will join me in wishing her well with her future plans.

When we return on Tuesday 8th September for our new school year, I am delighted to inform you that Miss Chapman is joining our team and will be your child's class teacher.

If you have a look on our website (the link is below), you will see some information about Miss Chapman as an introduction. There is also a paper version attached to this letter. We are very excited to welcome Miss Chapman to the team and she is very keen to meet her new class. Miss Gill is going to be working alongside Miss Chapman as part of her induction to Gladstone Road.

We are all looking forward to welcoming everyone back in September.

Yours Faithfully

Mr Garry Johnson
Head Teacher

My name is Miss Chapman and I am extremely excited to be joining the Year 3 team at Gladstone Road Primary School. I am looking forward to an exciting year filled with lots of learning and new adventures that we can share together. I can't wait to meet you all and get to know you but first I will tell you a little about me.

I am from Beverley in East Yorkshire. I decided to become a teacher whilst traveling around different countries. I spent time in South-East Asia where I volunteered at a school teaching children English in Cambodia. After this I learnt how to scuba dive and worked really hard to become a scuba diving instructor in Indonesia. I taught and explored the fascinating underwater world with many different people from all over the world.

I am looking forward to exploring the Year 3 curriculum together, I will look forward to lots of scientific investigations and developing our knowledge surrounding local history. My favourite subject to teach is Maths as I enjoy the different methods we can use to solve a mathematical problem and maths skills are skills we use in everyday life.

I believe we all learn something new everyday and can't wait to see where our learning journey will take us through Year 3.
