

# This week in Reception

Date W/C 8.3.2021

## Literacy

This week we will be reading a story called Ten Little Pirates. We will be finding rhyming words in the story and making our own treasure maps.

We will also continue our phonics lessons. We will be revising digraphs we have learnt so far and practising writing words and sentences.

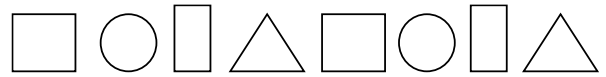

1 2 3 4 5 6 7 8 9 10

## Mathematics

We will begin to learn about the number 12 and how to represent it in different ways.

We will also be writing number sentences and finding 1 more and 1 less than 12.

Outdoors we will be practising counting on using a chalk number line or a hop scotch and using the skittles to add and take away numbers.

## Other Areas of Learning

In the construction area we will be making a pirate ship and making models with 12 bricks.

In our creative area we will be making pirate puppets, hats and maps. We will be finding out about pirates and islands in our enquiry area.

In our art area we will be printing Number block 12 and painting pirates and treasure chests.

## Special Notices

It is so lovely to welcome all the children back today. They were all so excited to see their friends.

Please log in to your child's EEXAT and upload some work that they have done at home.

Please remember to send cubes, white boards, pens and rubbers back to school.
