

National Gardening Week

On your daily walk or in your yard or garden can you find some natural paintbrushes and paints? Use them to create some art!

Research the different parts of a plant of flower. Can you create an informative poster? Use a diagram to help!

Take your family on a senses scavenger hunt! What can you hear, see, smell, touch and taste?
Remember to not eat anything – use your imagination

Design your dream garden, somewhere you can go to relax and play with your friends and family.

Using recycled items and craft materials, can you make a wind chime or a mini beast?
An adult may need to help you with this.

Research bees! How can we help save them? Create a set of top tips that you can share with family and friends.

Which foods are you able to grow at home? Think about fruit, vegetables and herbs! Create a leaflet to educate others!

Some plants and flowers are seasonal. Can you find some that bloom in each season?

What do plants need to grow? Can you draw pictures to explain?
